If inhaled

Unlikely to occur during intended use. If vapour or mists are breathed in, move person into fresh air. If not breathing, give artificial respiration.

In case of skin contact

Remove contaminated clothing. Wash with soap/cleanser and rinse with plenty of water. If irritation persists or there are signs of skin damage obtain medical attention.

In case of eye contact

Rinse thoroughly with plenty of water for at least 15 minutes. Take care not to wash the chemical from one eye to the other. Obtain immediate medical attention.

If swallowed

Never give anything by mouth to an unconscious person. If person is conscious, rinse mouth with water and give plenty of water to drink. Seek immediate medical attention.
