### Suggested Applications

- Proofing
- Water resistant prints
- Professional photographic images
- Presentations
- Exhibition prints
- Portfolios

### Paper Handling

- Return unused paper to the original box and store flat. If storing the paper outside the original box, only use archival packaging.
- Leave papers open to the air to fully dry for a few hours after printing, (24 hours are recommended) and avoid stacking on top of each other straight away.

### Storage and Conditions of Use

- We recommend all papers should be stored in a climate of 15-25°C, relative humidity of 40 - 60% and out of direct sunlight.
- Do not exceed temperatures of 82°C (180°F) when dry mounting.
