

TECHNICAL DATA SHEET

Product Name

Natural Soft Textured 315gsm

Product Description

NST has a natural white finish with a slightly structured, soft-textured surface, equivalent to a traditional etching fine art paper making it ideal for digital fine art and photo reproductions. The surface has a special matt coating, designed for high quality fine art and photographic reproduction with inkjet (giclée) technology. It is an archival quality paper with great colour gamut and accuracy.

Features

- Fourdrinier inkjet paper
- Natural white
- Textured etching surface
- Opti-coat™ precision coated
- Archival – acid and lignin free
- Instant dry
- Pigment and dye ink compatible
- Excellent colour gamut for colour photography
- Exceptional D-max

Technical Information

Thickness	465µm
Weight (gsm)	315gsm
Coating Type	Matt
OBA	No
Whiteness (CIE)	74
Brightness (TAPPI)	84
pH	7.5 - 9.5
Opacity	-
Recyclable	Yes

Suggested Applications

- Fine art and photographic open and limited edition prints
- Fine art and photographic reproduction and restoration
- Portfolios
- Albums
- Cards and postcards

Paper Handling

- Fine Art papers are fragile and need to be handled with care. Try not to touch the surface of the paper.
- Glossy papers will mark more easily with grease from your fingertips.
- Leave papers open to the air to fully dry for a few hours after printing, (24 hours are recommended) and avoid stacking on top of each other straight away.
- A giclée varnish or spray will help protect your print further from damage, effects of UV light and environmental attack.

Storage and Conditions of Use

- The storage of all papers should take place in a recommended climate of 15-25°C, relative humidity of 40 - 60% and out of direct sunlight.
- Do not exceed temperatures of 82°C (180°F) when dry mounting.
- Return unused paper to the original box and store flat. If storing the paper outside the original box, only use archival packaging.
