

TECHNICAL DATA SHEET

Product Name

FT Canvas Matt Baroque 350gsm

Product Description

A poly-cotton and acid free canvas base with a high white point. A traditional texture and crack resistance make it excellent for stretching and framing.

Excellent image sharpness, large colour gamut, and high-quality cotton. Perfect stretching and framing performance, water resistant with pigmented inks, and durable light resistance with pigmented inks. Archival quality – free of optical brightener, universal compatibility and instant dry.

Suggested Applications

- Fine art prints
- Graphic art reproduction
- Photographic reproduction
- Portraiture

Can be used on all commercial thermal and piezo water-based printing systems like Epson, Canon, Hewlett-Packard, Kodak, Encad etc.

Paper Handling

- Return unused paper to the original box and store flat. If storing the paper outside the original box, only use archival packaging.
- Leave papers open to the air to fully dry for a few hours after printing, (24 hours are recommended) and avoid stacking on top of each other straight away.

Storage and Conditions of Use

Store material only in original boxes, out of direct sunlight under normal climatic conditions (23°, 50% RH). You can improve results by using the best possible printer settings.

*All possible modifications are reserved.
